

# SIDEWALK OBSTACLE COURSE

MAKE THIS AS BIG  
OR LITTLE  
AS YOU LIKE!

## SUPPLIES NEEDED

- Chalk

This is a great way for kids to burn off energy and exercise at the same time. The best part is that every time it rains, you can make a different obstacle course. You can add hopscotch, zig zags, hop like a frog...use your imagination!

## DID YOU KNOW?

Sidewalk chalk is regular chalk, but usually in much thicker "sticks," because the surface of pavements is much rougher than a blackboard, and regular blackboard chalk would break all the time. But you can use sidewalk chalk just fine on a blackboard!
